

Geocaching Cache Sheets, 1.25 inches

Congratulations!

You have found a Geocache!

If you don't know what one is then it is like a 'treasure' that people hunt for using a GPS (Global Positioning System) device and the coordinates the person who hid the stash gives.

It is called Geocaching and if you would like to find out more please visit us at MadCacher.com

Please - if you take something then leave something to replace it, and make sure you leave a log of your visit!

Also please do not move or damage the container in any way, so that others can have fun finding it too.

You can record your find on the log sheet in the container and also at Geocaching.com where thousands of people round the world come together for the GPS Stash Hunt.

Thanks for visiting!
